

# MEMORY M BIO

Memory M Bio has good elasticity, differentiated bearing capacity and is produced with renewable and non-contaminating raw materials.

Strength is renewed from the inside thanks to the combination of memory and polyurethane with different processes designed for a stronger support.

## HEIGHT

---

Finished Mattress **20 cm**

## LIFT

---

Firm

## INTERNAL

---

### Biogreen

Ecological Foam density 36 Kg/m<sup>3</sup>

**11 cm**

### Memory
